コロナウイルス対策ポスター対応 テクニック不要！すぐにプリント

コロナウイルス対策ポスター対応 テクニック不要！すぐにプリント

The screenshot displays the HP Applications Center interface for creating COVID-19 posters. The top navigation bar includes the HP logo, 'Applications Center', and the 'ポスター' (Posters) section. On the right, there are links for 'ヘルプ' (Help), 'マイワーク' (My Work), and '実行' (Execute).

The left sidebar contains a vertical menu with icons for 'テンプレート' (Templates), '背景' (Background), '写真' (Photos), 'オブジェクト' (Objects), 'テキスト' (Text), and '設定' (Settings).

The main workspace shows a 'COVID-19健康アドバイス' (COVID-19 Health Advice) section. It features a 'デザインを消去' (Remove Design) button and a dropdown menu. Below this, there are several design elements:

- A blue box with text: "We maintain the highest standards of hygiene and care for the protection of our staff and customers." with icons for 'Frequent hand wash', 'Use of face mask', and 'Sanitized premises'.
- A blue box with text: "Sanitize your hands before using payment machine" and an icon of hands being washed.
- A yellow and black striped box with text: "DIGITAL / CARD PAYMENTS ONLY", "Contactless transactions only", and "Thank you for your continued patronage".
- A yellow and black striped box with text: "Waiting point" and three black arrows pointing left.
- A white box with a red 'STOP' sign and a red circle with a slash over a hand icon.

The central area displays a large blue poster with the Japanese text "アルコール消毒にご協力ください" (Please cooperate with alcohol disinfection) and a white line-art illustration of hands being washed.

At the bottom right, there is a blue button labeled "次へ" (Next).
